

IM#: 17-0087918

Innovation. Artistry. Performance.

Inspired by advances in material science, Steelcase created SILQ™—a breakthrough in seating design. Its innovative materiality is both mechanism and artistry.

The way SILQ is sculpted, the way it performs and what it's made of are inseparable.

When you sit in it, you become a part of it. SILQ delivers a personal experience that responds to the unique movements of your body and its wide range of material combinations create a canvas for personal expression.

IM#: 17-0096745

With work being more dynamic than ever—we need a chair that’s minimal, versatile and suited for beautiful spaces. SILQ supports work in collaborative meeting spaces, conference rooms, nomadic benching environments and touchdown spaces.
