Humanscale

Luxury and simplicity effortlessly converge in Summa, a versatile executive chair design for today's most dynamic leaders. Summa boasts a defined aesthetic and sophisticated palette that is well-suited to high-end executive spaces within the workplace.

Design Story

Designed specifically with executive boardrooms and offices in mind, Summa's enveloping shape and sculpted materials converge for a truly harmonious design that exudes luxury in every detail. Utilising only one discreet height adjustment lever, Summa features a weight-compensating recline mechanism and integrated arm-rests for exceptional ergonomic comfort and support.

Features

- Built-in armrests attached to the back to move with the user, supporting the sitter in every posture
- Simple and discreet height-adjustment lever seamlessly integrated into the seat
- Sitter's own weight automatically sets the recline tension
- Chair back is available in three rich wood finishes or 8 upholstery options with matching box-stitching
- Supports users up to 136kg (300 lbs.) in weight and 193cm (6'4") in height
- Warranty: 10-year on components; 5-year on upholstery and wood

Environmental Story

At Humanscale, our approach to product development and manufacturing embodies our mission to minimise our impact. We believe that the best designs in the world achieve more with less, so we act accordingly.

Summa features a cylinder and base made with an environmentally neutral Chrome 3 finish, rather than Chrome 6, a finish often used in the manufacturing process that is hazardous to both users and the environment.

Summa is exclusively available in Humanscale's chrome-free leather. This alternatively tanned leather uses a clear water technology method to eliminate chromium, a harmful chemical used in most leather tanning methods.
