

AURORA

With solar-panel based illuminating system, Aurora is able to work continuously and it can withstand all kinds of weather. It is a piece of art that the designer takes care of each detail, the output is: diamond shaped teak poles, casting metal structures, LED illumination, and well curved handles for hanging on the trees or walls. The light will turn on automatically when the darkness reaches the default data. There are various alluring colors for choosing between and it is able to create bling bling atmosphere for fun.
