

# SOPHIA 2.0

Combining super comfort, refined quality and distinctive design, Sophia 2.0 modular sofa represents a pursuit of upgraded outdoor lifestyle. It is available in large combination with middle corner element or without it to meet the demands for a more delicate use. Sophia 2.0 is designed with Higold rope woven elements at the back rest, together with thick cushions, which enables it to be blended with different environments, from home, terrace, balcony to garden.

A good combination of black metal construction and charcoal textilene cushions makes the sofa set more with official look.
